

## § 322.9

bee boards meet all applicable requirements of this part.

### § 322.9 Mailed packages.

(a) If you import a package of honeybees, honeybee germ plasm, or bees other than honeybees under this subpart through the mail or through commercial express delivery, you must mark all sides of the outside of that package with the contents of the shipment, *i.e.*, “Live Bees,” “Bee Germ Plasm,” or “Live Bee Brood,” and the name of the exporting region. The marking must be clearly visible using black letters at least 1 inch in height on a white background.

(b) If you import a package of honeybees, honeybee germ plasm, or bees other than honeybees under this subpart through commercial express delivery, you must provide an accurate description of the complete contents of the shipment, *i.e.*, “Live Bees,” “Bee Germ Plasm,” or “Live Bee Brood,” for the shipment’s delivery manifest entry.

(c) In addition to the export certificate required in § 322.6, a package of honeybees, honeybee germ plasm, or bees other than honeybees imported under this subpart by commercial express delivery must be accompanied at the time of arrival in the United States by an invoice or packing list accurately indicating the complete contents of the shipment.

### § 322.10 Inspection; refusal of entry.

(a) Shipments of honeybees, honeybee germ plasm, and bees other than honeybees imported into the United States under this subpart will be inspected at the port of entry in the United States for:

- (1) Proper documentation (see § 322.6);
- (2) Timely notice of arrival (see § 322.7); and
- (3) Adequate packaging (see § 322.8).

(b) If, upon inspection, any shipment fails to meet the requirements of this part, that shipment will be refused entry into the United States. In accordance with § 322.2(c), the inspector will offer you, or in your absence the shipper, the opportunity to immediately export any refused shipments. If you, or in your absence the shipper, decline to immediately export the ship-

## 7 CFR Ch. III (1–16 Edition)

ment, we will destroy the shipment at your expense.

### § 322.11 Ports of entry.

Shipments of honeybees, honeybee germ plasm, and bees other than honeybees imported under this subpart may enter the United States only at a port of entry staffed by an APHIS inspector.<sup>2</sup>

### § 322.12 Risk assessment procedures for approving countries.

(a) The national government of the region wishing to export must request that we perform a risk assessment for the importation into the United States of honeybees, honeybee germ plasm, or bees other than honeybees from that region.

(b) When we receive a request, we will evaluate the science-based risks associated with such importation. Our risk assessment will be based on information provided by the exporting region, information from topical scientific literature, and, if applicable, information we gain from a site visit to the exporting region. The risk assessment will include:

(1) Identification of all bee diseases, including fungi, bacteria, viruses, mycoplasmas, and protozoa, that occur in the exporting region but not in the United States or that are listed as significant for international trade by the Office International des Epizooties (OIE);

(2) Identification of all bee parasites, including mites, that occur in the exporting region but not in the United States or that are listed as significant for international trade by the OIE;

(3) Identification of all species and subspecies of honeybees that occur in the exporting region but not in the United States or that are listed as significant for international trade by the OIE, if applicable;

(4) Identification of all pests of bee culture, such as the small hive beetle, that occur in the exporting region but not in the United States or that are

<sup>2</sup>To find out if a specific port is staffed by an APHIS inspector, or for a list of ports staffed by APHIS inspectors, contact Permit Unit, PPQ, APHIS, 4700 River Road Unit 133, Riverdale, MD 20737-1236; toll-free (877) 770-5990; fax (301) 734-8700.

listed as significant for international trade by the OIE;

(5) Evaluation of the probability of establishment, including pathway, entry, colonization, and spread potentials, of any diseases, parasites, undesirable species or subspecies of honeybees, or pests identified in accordance with paragraphs (b)(1), (2), (3), or (4) of this section;

(6) Evaluation of the potential consequences of establishment, including economic, environmental, and perceived social and political effects, of each disease, parasite, undesirable species or subspecies of honeybees, or pest identified in accordance with paragraphs (b)(1), (2), (3), or (4) of this section; and

(7) Consideration of the effectiveness of the regulatory system of the exporting region to control bee diseases, parasites, undesirable species and subspecies of honeybees, and pests that occur there and to prevent occurrences of new bee diseases, parasites, undesirable species and subspecies of honeybees, and pests.

(c) Based on the conclusions of the risk assessment, we will either:

(1) Publish in the FEDERAL REGISTER a notice of proposed rulemaking to allow honeybees, honeybee germ plasm, or bees other than honeybees to be imported into the United States from that region; or

(2) Deny the request in writing, stating the specific reasons for that action.

(d) We will publish a notice of availability of all completed risk assessments for public comment.

(Approved by the Office of Management and Budget under control number 0579-0207)

### Subpart C—Importation of Restricted Organisms

#### § 322.13 General requirements; restricted organisms.

(a) For the purposes of this part, the following are restricted organisms:

(1) Honeybee brood in the comb;

(2) Adult honeybees from any region other than those listed in § 322.4(a);

(3) Honeybee germ plasm from any region other than those listed in § 322.4(b); and

(4) Bees from any region other than

those listed in § 322.4(c) or any species of bee other than those listed in § 322.5(d)(2).

(b) Persons importing restricted organisms into the United States must be Federal, State, or university researchers; be at least 18 years of age; and be physically present during normal business hours at an address within the United States specified on the permit during any periods when articles are being imported or moved interstate under the permit. All such importations must be for research or experimental purposes and in accordance with this part.

[69 FR 61747, Oct. 21, 2004, as amended at 79 FR 19811, Apr. 10, 2014]

#### § 322.14 Documentation; applying for a permit to import a restricted organism.

Any restricted organism imported into the United States must be accompanied by both a permit, in accordance with paragraph (a) of this section, and an invoice or packing list accurately indicating the complete contents of the shipment, in accordance with paragraph (b) of this section.

(a) *Permit.* You must submit a completed application for a permit to import restricted organisms at least 30 days prior to scheduling arrival of those organisms. You may import a restricted organism only if we approve your application and issue you a permit. Our procedures for reviewing permit applications are provided in § 322.15. To apply for a permit, you must supply, either on a completed PPQ Form 526 or in some other written form, the following information:<sup>3</sup>

(1) *Applicant information.* Your name, title, organization, address, telephone number, facsimile number, and electronic mail address (provide all that are applicable).

(2) *Application type.* New permit, permit renewal, or amendment to existing

<sup>3</sup>Mail your completed application to Permit Unit, PPQ, APHIS, 4700 River Road Unit 133, Riverdale, MD 20737-1236. A PPQ Form 526 may be obtained by writing to the same address, calling toll-free (877) 770-5990, faxing your request to (301) 734-8700, or downloading the form from <http://www.aphis.usda.gov/ppq/ss/permits/pests/>.
